## Single Family Housing Program Update

### Single Family Housing 2013-FY Year End Results

For FY end 2013, California has obligated a total of \$971,393,223.00 or nearly 1 billion dollars to assist California residents.

Allocations-Direct-For the Section 502 program *California was number 1 in the country in total loan dollars for fy 2013*. California obligated 471 loans for a total of \$70,279,051 which was 22.9% more than FY 2012. The next closest state obligated \$50,414,444.00 nearly 20 million less. California obligated 340.2% of our \$20,657,061 allocation. For the section 504 repair program, California obligated 46 grants for a total of \$327,863.00 and 13 loans for a total of \$129,301.00 which was an increase over last years \$231,921.00 (35 grants) and \$30,048 (3 loans). For the section 523 Technical Assistance grant program, we obligated a total of 3 grants for a total of \$8,466,000.00 which was an improvement over last years total obligation of \$6,387,500.00.

Guarantee- For the guarantee SFH 502 program California obligated 4,879 loans for a total of \$892,191,008.00. Of this figure, \$704,170,092.06(3,542 loans-79%) went to moderate income clients, \$164,145,280.00(1,109 loans-18.3%), went to low income clients, and \$23,875,636.00 (228-loans-2.7%) went to very low income clients. This was an increase of 3.15% over last year's total of \$864,906,041.00. *California was #3 in the country with total dollars obligated and #10 in the country in obligation numbers*. Given the uncertainty with lenders over the changes in eligible areas, the budget, and the increase in mortgage interest rates this was a great performance!

#### Funding-FY 2014

Section 502 Guarantee Loans 24 billion

Section 502 Direct \$900 Million

Section 504 Loans \$26.3Million

Section 504 Grants \$28.7 Million

Section 523 Self Help Technical Assistance Grants \$25 Million

#### Rural funding Definition

As everyone is aware, the continuing resolution and budget passed continuing with all Single Family Housing eligible areas under the 2000 census through the end of the fiscal year

**Effective May 6, 2014. USDA Expands Eligibility for Rural Housing Programs to Include Fallbrook, Thermolito, Hollister, Atascadero, El Paso de Robles (Paso Robles) and Taft, CA.**

Passage of the new Farm Bill expanded USDA housing program eligibility to communities that meet the following criteria:

- The community was eligible for USDA rural housing programs prior to October 1, 1990,
- The community's population does not exceed 35,000,

## Single Family Housing Program Repair Loan and Grant (Sec. 504)

### What is this Program?

USDA Rural Development repairs and rehabilitates modest homes to safe and sanitary conditions for very low-income homeowners

### Who May Apply?

- Very low-income homeowners below 50% of the area median income can receive up to \$20,000 in loan and grants
- To receive a grant, the homeowner must be 62 years or older and unable to pay for any repairs on the house
- To receive a combination loan and grant, an applicant must be 62 years or older and able to pay for only a part of the repairs
- Located in an eligible area (generally less than 25,000 in population and not part of an urbanized area)
- To locate eligible rural areas in California visit: <http://eligibility.sc.egov.usda.gov>

### What are the Security Requirements?

- A real estate Deed of Trust (mortgage) is required for loans of more than \$7,500, and in some instances may be required for smaller loans
  - If the loans are under \$2,500, but income is small so that repaying the loan will be difficult, someone may co-sign the loan note with the borrower
  - Homeowners who receive a grant or a combination loan and grant must agree to repay the grant if the property is sold within 3 years

### How Do I Apply?

Applications are accepted year-round. Contact your local Rural Development office using the list to the right.

### How May Funds Be Used?

- Assist people who may not need a new house or cannot afford a new house, but need some repairs completed on their present house to bring it up to minimum standards
- Remove health or safety hazards from dwellings
- Grants are limited to \$7,500 per applicant per lifetime for those 62 or older
- The interest rate on the 504 loan is 1% with up to 20 years in which to repay

### What is the Income Criteria?

- An applicant's income determines the type of assistance for which he/she is eligible
- If income is so low as to permit only removal of health and safety hazards, a repair loan and/or grant may be available
- For homeowners with somewhat higher incomes, a home improvement loan may be possible to bring the house up to minimum standards

## Single Family Housing Program Self-Help Housing Program

14

### What is this Program?

USDA Rural Development partners with housing groups to help very low- and low-income households work in groups of 6-10 and build their own homes through the self-help process.

### What is the Self-Help Building Process?

- Plans for modest but adequate housing will be selected and specifications developed
- Construction will involve as much on-site work as practicable
- Basic plans and construction methods will be standardized as much as possible
- Materials may be purchased on a group basis
- Group will decide how members will share labor, how records will be kept of time worked and how labor will be exchanged on a basis fair to all members
- Depending on skills of participants, groups may decide to do all the construction, or contract for work that cannot be done easily, such as excavating, installation of wiring or plumbing and dry wall finishing
- Construction will start only after each family loan has been closed
- Construction of homes will be done in stages. Each stage of construction will be finished, if practical, on all homes before starting the next stage
- The construction supervisor, with advice of the group's president, will divide the group into teams on the basis of skills, compatibility and availability
- Construction changes cannot be made without prior approval of the USDA Rural Development coordinator
- Households will move into the new homes only after construction of all homes have been completed

### Who May Apply?

- Public bodies and public or private nonprofit corporation with the legal, administrative and technical capacity to carry out the objectives of the program
- Applicant organization must show a need clearly exists and that qualified personnel can be hired to carry out the objectives of a technical assistance program
- Funds are not available from other sources
- Nonprofit corporations applying must also have either:
  - Successful experience in the field of self help housing
  - A sponsoring organization with this experience or with proven ability in related business fields

### What Uses are Prohibited?

- Hiring personnel to perform actual construction work for households
- Buying real estate, building materials or other property for participants

### How Do I Apply?

- Contact a Self-Help Housing Provider near you.
- \*Please note the counties below do not currently have an active self-help program: Alpine, Amador, Calaveras, Contra Costa, El Dorado, Imperial, Lassen, Modoc, Mono, Nevada, Placer, Plumas, Sacramento, San Joaquin, San Diego, Tuolumne, Stanislaus, Sierra, Siskiyou, Solano, Yolo. Please contact your local Rural Development office to learn about other housing programs available to you.
- Construction of homes will be done in stages. Each stage of construction will be finished, if practical, on all homes before starting the next stage
  - The construction supervisor, with advice of the group's president, will divide the group into teams on the basis of skills, compatibility and availability
  - Construction changes cannot be made without prior approval of the USDA Rural Development coordinator
  - Households will move into the new homes only after construction of all homes have been completed
